EDUSMART GROUP

THREE SCHOOLS, ONE HEART

When Your Child Needs More Than Just Another School.

2027 Prospectus

A Welcome from the Director

DEAR PARENTS AND GUARDIANS,

Choosing the right school for your child is one of the most important decisions you will ever make. As parents, we all want our children to feel safe, valued, understood, and inspired to become the very best versions of themselves.

That belief is the foundation upon which the Edusmart Group was built.
Our vision has always been to provide an educational environment where every learner is recognised as an individual. We understand that no two children learn in exactly the same way, and we believe education should adapt to the learner—not the learner to the education system.

Today, the Edusmart Group proudly consists of two specialist primary schools—Edusmart Academy and Futuresmart Academy—which naturally feed into Edusmart College, our innovative dual-medium high school. Together, our schools provide a seamless educational journey where learners are supported from primary school through to graduation in an environment built on trust, encouragement, and excellence.

Across every campus, our focus extends far beyond academics. We are committed to developing confident, compassionate, and independent young people through our Personal Learning Approach, small class sizes, dedicated educators, and holistic learner support.

One of our greatest strengths is the collaborative team that surrounds every learner. Through access to our Occupational Therapist, School Psychologist, and Play Therapist, together in close partnerships between teachers, speech therapists, other external therapists, and families, we strive to support every child's academic, emotional, social, and personal development.

Every learner deserves to be known by name, celebrated for who they are, and encouraged to discover who they can become.

Thank you for considering the Edusmart Group as part of your child's educational journey. We would be honoured to welcome your family into ours.

Warm regards,

Marianne Beznidenhout

Director
Edusmart Group

Edusmart Group

One Educational Journey. Endless Possibilities.

ABOUT US

The Edusmart Group is a family of independent schools committed to providing high-quality, personalised education for learners with diverse learning needs.
Our educational pathway begins with two specialist primary schools—Edusmart Academy and Futuresmart Academy—which both lead naturally into Edusmart College. This unique model allows learners to remain within one supportive educational family while receiving the individual attention and specialised support they need at every stage of their development.
Whether your child benefits from remedial education, requires autism-specific support, or is preparing for the academic challenges of high school, the Edusmart Group provides an environment where every learner can thrive.

THE EDUSMART DIFFERENCE

Why Families Choose Us
At the Edusmart Group, we believe every child deserves an education that recognises their strengths, supports their challenges, and inspires their future.

Personal Learning Approach
Every learner receives an individualised educational experience designed around their strengths, learning style, profile and goals, while still sharing the academic and socio-emotional learning experience with their classmates.

Small Class Sizes
With only 10–12 learners per class, and in some cases fewer, every child receives meaningful individual attention.

Dual-Medium Education
Edusmart Academy and Edusmart College proudly offer a dual-medium learning environment, giving families greater flexibility while preparing learners for a diverse future. The Language of Learning and teaching at Futuresmart Academy is English, with Afrikaans offered as First Additional Language.

Specialist Support
Occupational Therapy, Play Therapy, Speech Therapy and Psychology form an integral part of our learner support programme.

Holistic Development
We focus on academics, emotional intelligence, creativity, independence, leadership, and life skills.

Strong Parent Partnerships
Education works best when schools and families work together.

OUR SCHOOLS

1

Edusmart Academy

Dual-Medium Primary School | Grades 1–7
Edusmart Academy provides a nurturing learning environment for learners who benefit from smaller classes, individual attention and additional academic support.
Our Personal Learning Approach, together with one-on-one remedial assistance, allows every learner to progress at their own pace while building confidence, independence and a love of learning within the CAPS curriculum.

2

Futuresmart Academy

Specialist Primary School | Grades 1–7
Futuresmart Academy specialises in educating learners on the autism spectrum.
Through structured routines, therapeutic support and highly personalised teaching, we create an environment where every learner feels safe, understood and empowered to achieve their personal best.

3

Edusmart College

Dual-Medium High School | Grades 8–12
Edusmart College is the natural progression for learners from both Edusmart Academy and Futuresmart Academy.
Families may choose between the South African CAPS Curriculum and the American Curriculum, allowing every learner to follow the pathway that best suits their strengths, aspirations and future goals.

EDUSMART ACADEMY

WHERE EVERY CHILD CAN FLOURISH

Edusmart Academy is an independent dual-medium primary school dedicated to helping learners who require additional academic support thrive.

We understand that every child learns differently. Through our Personal Learning Approach, small classes and individual attention, we create an environment where learners feel confident, capable and excited about learning.

Our one-on-one remedial support allows teachers to identify learning gaps early and provide targeted intervention, ensuring every learner develops strong academic foundations while growing emotionally and socially.

Following the CAPS curriculum, we prepare learners not only for academic success but also for lifelong confidence and independence.

OUR PERSONAL LEARNING APPROACH

Every learner receives personalised teaching based on their strengths, learning style and individual needs.

By adapting our teaching methods rather than expecting children to fit into one approach, we help learners develop confidence while achieving their full potential.

WHAT MAKES US DIFFERENT?

- Dual-medium education
- CAPS Curriculum
- One-on-one remedial support
- Small classes (10–12 learners)
- Individual attention
- Occupational Therapist
- School Psychologist
- Holistic learner development

WHY CHOOSE EDUSMART ACADEMY?

Because your child deserves to be known, understood and supported every day.

Our experienced teachers create meaningful relationships with every learner, ensuring that children never become just another number.

Beyond academics, we develop resilience, confidence, creativity, emotional intelligence and independence through meaningful learning experiences.

BEYOND THE CLASSROOM

Learning extends far beyond textbooks.

Learners enjoy:

- Educational excursions
- Outdoor learning
- Community projects
- Creative activities
- Leadership opportunities
- Emotional and social development programmes

At Edusmart Academy, we believe in unlocking the potential within every learner. Our personalised approach ensures that your child receives the attention, support, and guidance they need to flourish. Contact us today to find out how your child can become part of our inclusive and supportive learning community.

FUTURESMART ACADEMY

ABOUT US

Futuresmart Academy is a specialist primary school dedicated to the education and development of learners on the autism spectrum. We provide a structured, nurturing and understanding environment where learners are given the space, support and encouragement they need to thrive.

We recognise that every learner on the spectrum is unique. Each child brings their own strengths, interests, communication style, sensory needs and way of experiencing the world. Rather than expecting learners to fit into a standardised approach to education, we adapt our environment and teaching to meet them where they are. At Futuresmart, some learners receive a specific Independent Educational Program, depending on their specific needs. Those learners are assigned individual facilitators.

Our Personal Learning Approach combines purposeful education, therapeutic support and individualised strategies to help each learner develop academically, socially, emotionally and practically. We focus not only on what a learner can achieve in the classroom, but on building the confidence, communication, independence and life skills they need to navigate the world around them.

At Futuresmart Academy, belonging matters. We want every learner to feel understood, accepted and valued for who they are, while being encouraged to discover what they are capable of becoming.

OUR APPROACH

Structured & Predictable

A consistent environment that provides security, routine and clear expectations.

Individualised Support

Teaching and support adapted to each learner's strengths, needs and developmental journey.

Therapeutic Integration

Access to professional support that complements learning and promotes holistic development.

Building Independence

Developing practical skills, confidence and self-advocacy alongside academic growth.

A Sense of Belonging

Creating a school community where learners are accepted, understood and celebrated.

WHY CHOOSE FUTURESMART ACADEMY?

- Compassionate teachers with expertise in working with diverse learning barriers.
- A structured and predictable learning environment where learners feel secure.
- Integration of therapy and support within the school day.
- Strong focus on building confidence, independence, and life skills.
- A community where learners and families feel seen, heard, and supported.

BEYOND THE CLASSROOM

At Futuresmart Academy, we believe that learning extends far beyond academics. Our enrichment opportunities are thoughtfully designed to support the unique needs of learners on the spectrum, helping them grow with confidence and joy:

- Sensory-friendly outdoor activities that encourage movement, play, and exploration in a safe environment.
- Engaging educational excursions that connect classroom learning with real-world experiences.
- Community involvement projects that build confidence, empathy, and a sense of belonging.
- Personalised social and emotional support to help learners thrive in their daily interactions and relationships.

JOIN THE FUTURESMART FAMILY

At Futuresmart Academy, we celebrate the uniqueness of every learner on the spectrum. Our supportive environment and tailored approach ensure that each child feels understood, valued, and empowered to succeed. Contact us today to discover how your child can thrive as part of our caring and inclusive learning community.

EDUSMART COLLEGE

ABOUT US

Edusmart College is a dual-medium high school for learners from Grade 8 onwards, providing a supportive, future-focused environment where young people can grow academically, personally and independently. As the natural progression from Edusmart Academy and Futuresmart Academy, we provide continuity within the Edusmart Group while helping learners take greater ownership of their education and their future.

We recognise that every learner has different strengths, aspirations and pathways. Through our Personal Learning Approach, small classes and individual support, we help learners build confidence, independence and the skills they need to succeed beyond the classroom.

Families can choose between the South African CAPS Curriculum and the American Curriculum, allowing each learner to follow a pathway aligned with their future goals.

Our focus extends beyond academic achievement. We develop life skills, resilience, critical thinking, confidence and career readiness, preparing learners for further study, employment and independent adulthood.

OUR APPROACH

Academic Growth

Supporting learners to achieve their potential through a flexible and personalised approach to learning.

Choice & Opportunity

Providing both CAPS and American Curriculum pathways to support different educational and future goals.

Independence

Encouraging learners to take responsibility for their learning, decisions and personal development.

Future Readiness

Developing practical skills, career awareness and the confidence needed for further study, employment and adult life.

Personal Growth

Building resilience, emotional intelligence, self-confidence and strong interpersonal skills.

A Supportive Community

Creating an environment where learners are known, valued and encouraged to become the best version of themselves.

WHY CHOOSE EDUSMART COLLEGE?

- Highly trained, compassionate teachers with expertise in supporting diverse learning barriers
- A structured and predictable learning environment where learners feel secure and motivated
- Flexible choice between South African CAPS and American Curriculum to suit future pathways
- Integration of therapy and individualised support within the school day
- Strong emphasis on building confidence, independence, and essential life skills
- A community where learners and families feel valued, heard, and supported

BEYOND THE CLASSROOM

At Edusmart College, we know that learning doesn't stop at the classroom door. Our programmes are designed to prepare learners for the future by developing independence, critical thinking, and real-world skills alongside academic success:

- Enrichment Activities: Expanding learning through clubs, projects, and practical experiences.
- Career and Skills Development: Introducing pathways that prepare learners for further study, work, and life.
- Community Engagement: Encouraging responsibility, empathy, and leadership through meaningful involvement.
- Personal Growth Support: Fostering resilience, confidence, and strong social-emotional skills.

These opportunities ensure that our learners leave Edusmart College ready to embrace life beyond school with confidence and purpose.
